

Cookies Policy

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

Strictly necessary cookies. These cookies are essential for you to browse the website and use its features, such as accessing secure areas of the site. Cookies that allow web shops to hold your items in your cart while you are shopping online are an example of strictly necessary cookies. These cookies will generally be first-party session cookies. While it is not required to obtain consent for these cookies, what they do and why they are necessary should be explained to the user.

Statistics cookies. Also known as “performance cookies,” these cookies collect information about how you use a website, like which pages you visited and which links you clicked on. None of this information can be used to identify you. It is all aggregated and, therefore, anonymised. Their sole purpose is to improve website functions. This includes cookies from third-party analytics services as long as the cookies are for the exclusive use of the owner of the website visited.

Preferences cookies. Also known as “functionality cookies,” these cookies allow a website to remember choices you have made in the past, like what language you prefer, what region you would like weather reports for, or what your user name and password are so you can automatically log in

Marketing cookies. Also known as “tracking cookies,” these cookies track your online activity to help advertisers deliver more relevant advertising or to limit how many times you see an ad. These cookies can share that information with other organizations or advertisers. These are persistent cookies and almost always of third-party provenance.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie Name	Purpose	Cookie Provider	About
_fbp	Targeting	Facebook	Used by Facebook to deliver a series of advertisement products such as real time bidding from third party advertisers
_ga	Performance	Google	This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the site analytics reports. By default, it is set to expire after 2 years, although this is customisable by website owners.
_gat	Performance	Google	This cookie name is associated with Google Universal Analytics, according to documentation it is used to throttle the request rate, limiting the collection of data on high traffic sites. It expires after 10 minutes.
_gid	Performance	Google	This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is

			available from Google. It appears to store and update a unique value for each page visited.
Ssr-caching	Performance	Wix	Indicates how a site was rendered.
Ssr-caching	Performance	Wix	Indicates how a site was rendered.
svSession	Functionality	Wix	Identifies unique visitors and tracks a visitor's sessions on a site.
svSession	Functionality	Wix	Identifies unique visitors and tracks a visitor's sessions on a site.
hs	Security	Wix	Security
TSxxxxxxx	Functionality	Wix	Security
XSRF-TOKEN	Strictly Necessary	Wix	This cookie is written to help with site security in preventing Cross-Site Request Forgery attacks.
datr	Targeting	Facebook	This cookie identifies the browser connecting to Facebook. It is not directly tied to individual Facebook the user. Facebook reports that it is used to help with security and suspicious login activity, especially around detection of bots trying to access the service. Facebook also says the behavioural profile associated with each data cookie is deleted after 10 days. This cookie is also read via Like and other Facebook buttons and tags placed on many different websites.
fr	Targeting	Facebook	Contains browser and user unique ID combination, used for targeted advertising.

Please note that the following third parties may also use cookies, over which we have no control. These named third parties may include, for example, advertising networks and providers of external services like web traffic analysis services. These third-party cookies are likely to be analytical cookies or performance cookies or targeting cookies:

Google

Facebook

Wix

To deactivate the use of third party advertising cookies, you may visit the consumer page to manage the use of these types of cookies.
